REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

In view of the applicant's amendments and after further consideration of the invention, the claims as presented avoid the prior art of record. The prior art does not disclose an exercise device having a flywheel that includes horizontally aligned bores disposed along a diameter thereof, a first lever releasably mounted on one of the bores on one side of the flywheel and on the other side of the flywheel, a crank in operative communication with a rotatable member of a hub wherein the particular mounting of the first lever from one of said bores to another of said bores changes the path of motion of a user's extremity positioned on the lever thereby altering the range of motion of the respective extremity and the axis of rotation of the flywheel is coaxial with the axis of rotation of the rotatable member such that one extremity of a user can rotate at one radius and another extremity of the user can rotate at another radius measured from the same axis of rotation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tam Nguyen whose telephone number is 571-272-4979. The examiner can normally be reached on M-F 9-5.
